YOUR SPECIAL DAY

Cap Maison is a wonderful resort to hold what will be your very special day. We are here to provide all the necessary support and guidance to ensure that every little detail is arranged - from corsages to cake and flowers to favors.

We also appreciate that every bride and groom have their preferences in creating a unique experience for their friends and family. We only cater to one wedding per month which ensures that your wedding will have our total attention at all times.

I have attached some guidelines which will help you to start planning and also some back ground information on Cap Maison and its facilities. There is also a sample of a budget template which you can use by adding in your expected guests numbers it will provide a guide budget for your event. You will notice that we provide a preferential rate for accommodation for weddings over 5 rooms and we will always provide a complementary upgrade for the Bride and Groom. You can also view our website www.capmaison.com and under Galleries you will find a video which gives an accurate impression of what to expect when you stay with us.

Our chef has provided the attached menu samples for you and of course he would be willing to incorporate you individual favorites. You can also visit our website www.thecliffatcap.com to view dishes and sample menus.

I hope this provides the information that you need and please do let me know if there is anything else that you need at this stage and my personal contact details can be found below

Yours sincerely,
