Wine by the Glass Program

For our Wine Program we have selected a number of wines which we like to drink ourselves, we have tried to seek out some interesting wines which you may not have tried before and we encourage you to try them!! We also have some “premium” wines by the glass and we guarantee their quality using a preservation method called “Prosovac” which creates a vacuum after each glass is served and reduces oxidation of the wine.

<u>Champagne</u>	US	EC
